Re: Williams Creek Drainage Area, O.F. Henley Arm

Upon review of the Williams Creek Drainage Area, I believe that the O.F. Henley Drain #102 should be made an arm to the Williams Creek Drainage Area as the O.F. Henley Drain is a tributary to the Williams Creek Drain. This would also avoid a double or triple assessment on the tracts currently assessed for the O.F. Henley Drain when the remainder of the Williams Creek (Charles Osborn & JR Collins #2) Drain is assessed for maintenance.

The O.F. Henley Drain was created by the Hamilton County Commissioners on June 11, 1908 (See Commissioners Records Book 18, Pages 549 to 554 and Book 19, Pages 1 to 5). The O.F. Henley Drain was placed on maintenance by the Hamilton County Drainage Board per the Surveyor's report and approved by the Board on March 19, 1979 (See Drainage Board Minutes Book 1, Page 297). At present the O.F. Henley Drain maintenance assessment affects 859.82 acres and 745 lots. The rate of assessment for the drain is set at \$2.00 per acre for common areas and road, with a \$5.00 minimum, and \$5.00 per lot. This rate collects \$5,688.76 annually and the balance within the fund is \$22,596.59. There are no outstanding work orders for this drain at this time.

The following subdivision drains within the O.F. Henley shed will be made arms to Williams Creek under separate reports: Saddle Creek Drain #295, Cheswick Place Drain #264, and Ashbury Park Drain #328. The assessment of these drains will be made as subdivisions whose drainage system will be part of the regulated drain under this report and no assessment will be made under the subdivision drain combination reports.

The current maintenance assessments, as per the existing rates set for the Williams Creek Drainage Area are as follows:

1. Maintenance assessment for roads and streets are set at \$10.00 per acre.
2. Maintenance assessment for agricultural tracts are set at \$3.00 per acre with a \$15.00 minimum.
3. Maintenance assessment for non-platted residential tracts are set at \$3.00 per acre with a \$15.00 minimum.
4. Maintenance assessment for commercial, institutional and multi-family residential tracts are set at \$10.00 per acre with a \$75.00 minimum.
5. Maintenance assessment for platted lots in subdivisions whose drainage systems will not be part of the regulated drain shall be set at \$35.00 per lot/minimum. Common areas within non-regulated drain subdivisions shall be assessed at \$5.00 per acre with a \$35.00 minimum.
6. Maintenance assessment for platted lots within subdivisions whose drainage system will be part of the regulated drain shall be set at \$65.00 per lot/minimum. Common areas within the regulated drain subdivisions shall be set at \$10.00 per acre with a \$65.00 minimum.

The total annual assessment for this arm will be \$53,933.74.

The current balance of the O.F. Henley Drain shall be kept separate and these funds expended for needed maintenance on the O.F. Henley Drain. This shall be done until the funds are exhausted. At that time funding for repairs shall then be taken from the Williams Creek Drainage Area fund.

Future assessments for the drainage area of the O.F. Henley Drain will be made into the Williams Creek Drainage Area fund. No further maintenance collections for the O.F. Henley Drain shall be made after 2011 other than any delinquent assessment penalties and interest which remain unpaid.

I recommend that the Board set a hearing for this consolidation for September 26, 2011.

Sincerely,

A handwritten signature in black ink, appearing to read 'K. Ward', with a large, sweeping flourish extending to the right.

Williams Creek #315

O.F. Henley Arm (Was #102) Rate was \$2/Ac, \$5/Min

The parcels on 3 drains were assessed to the subdivision drain & to the Henley drain. They will now only be assessed to Williams Creek. The assessments for the 3 subdivision drains are shown on this assessment roll. The rates for the 3 subdivision drains were \$30 for Saddle Crk #295 & Cheswick Place #264 and \$65 for Ashbury Park #328.

There are several other parcels on the Henley that were double assessed & have already been added to Williams Creek when the other drain was combined. There were 6 parcels already assessed w/Buckhorn Arm & 5 parcels already assessed w/Springmill Streams Arm & 32 parcels already assessed w/Stultz & Almond Arm. Those parcels will not be assessed with this assessment roll.
